

2019 Lake Erie Shipboard Science Workshop

PERSONAL STATEMENT INSTRUCTIONS

Please create the personal statement in another document and save it as a PDF file prior to uploading it.

In your personal statement, describe why you think this program would benefit you as a professional.

Please include:

1. any experience with integrating Great Lakes and/or ocean science (or general aquatic science) into your educational setting;
2. any experience with engaging students in stewardship and/or citizen science activities;
3. any experience incorporating scientific data and/or educational technology in your educational setting;
4. any leadership roles you've held as an educator;
5. how you plan to share your new workshop knowledge to increase Great Lakes literacy in YOUR classroom or educational setting; and
6. how you plan to share your new workshop knowledge to increase Great Lakes literacy BEYOND your classroom or educational setting.
